This delegation is not responsible for any of the above. We are a delegation to assist in coordination of emergency management issues as they relate to individuals with disabilities.

The Council purchased and the delegation distributed over 750 copies of the New Mexico user guide. Every regional emergency management office has copies to distribute.

The final SUMMIT report was completed and distributed 9/26//07. The delegation will be hosting another Summit in 08 to discuss certain aspects of the report.

VI. Next Steps

Significant Planned Activities: A copy of the Summit Report is attached to this e-mail submission. A copy of the report can also be found at www.kcdd.ky.gov

Products under Development: A summit is being planned for 08 to discuss aspects of the report. Updates will be provided annually.

VII. Other

The delegation has become overwhelmed with other responsible. It has been determined that we will only meet when specific topic areas needs our attention.

There is a tremendous amount of work to be done. The reality is that there are not enough resources to assure that all needs are met. We also realize that many areas of the state while trying to prepare are not making much progress. Other needs take precedent over this issue and limited funds are spent in other areas. As the report will outline there are several areas that need to be addressed. We have all pledged to work on these areas without our area of expertise.
